

PROGRAMME

Monday, October 22nd, 2001

12:00-20:00 Pre-Conference Optional Tours
APSIR Friendship Golf Tournament
Loch Palm Golf Course

08:00-18:00 REGISTRATION
Foyer, Arcadia Grand Ballroom, Building B

17:00 Completion of Exhibition Booth set-up

Tuesday, October 23rd, 2001

08:00-17:00 REGISTRATION
Foyer, Arcadia Grand Ballroom, Building B

08:30-09:00 **OPENING CEREMONY**
Arcadia Grand Ballroom, Building B

09:00-10:00 **KEYNOTE SPEECH**
Chairman: *Masafumi Shirai, M.D.*
Toho University School of Medicine, Japan

- **New pharmacologic treatments for erectile dysfunction**
- *Tom F. Lue, M.D.*
UCSF, USA

10:00-10:30 **Coffe Break**
Foyer, Arcadia Grand Ballroom, Building B

10:30-12:30 **1st PLENARY SESSION - ERECTILE DYSFUNCTION**
Arcadia Grand Ballroom, Building B
Chairman: *Akihiko Okuyama, M.D.*
Osaka University Graduate School of Medicine, Japan
Co-Chairman: *Krisada Ratana-Olarn, M.D.*
Ramathibodi Hospital, Thailand

- **Overview treatment of ED**
- *Apichat Kongkanand, M.D.*
Chulalongkorn Hospital, Thailand
- **Erectile dysfunction and men's health**
- *Hui Meng Tan, M.D.*
Subang Jaya Medical Centre, Malaysia
- **Rationale approach for treatment of ED**
- *Wayne J. G. Hellstrom, M.D.*
Tulane University Health Sciences Center, USA
- **Presentation by ED Patient**

12:30-13:30 **Lunch**
Front Wing Area, Building B

13:30-15:00

2nd PLENARY SESSION - PEYRONIE'S DISEASE

Arcadia Grand Ballroom, Building B

Chairman: *Hyung Ki Choi, M.D.*

Yongdong Severance Hospital, Korea

Co-Chairman: *Somboon Leungwattanakij, M.D.*

Ramathibodi Hospital, Thailand

● **New concepts in the management of Peyronie's disease**

- *Wayne J.G. Hellstrom, M.D.*

Tulane University Health Sciences Centre, USA

● **Surgical treatment for Peyronie's disease**

- *Tom F. Lue, M.D.*

UCSF, USA

● **Peyronie's disease and natural tissue repairs**

- *Steve K. Wilson, M.D.*

University of Arkansas, USA

15:00-15:30

Coffee Break

Foyer, Arcadia Ballroom, Building B

15:30-17:00

FEMALE SEXUAL DYSFUNCTION SYMPOSIUM

Arcadia Grand Ballroom, Building B

Chairman: *Anek Aribarg, M.D.*

Chulalongkorn Hospital, Thailand

Co-Chairman: *Nam Cheol Park, M.D.*

Pusan National University, Korea

● **Diabetes mellitus and female sexual dysfunction**

- *Kwang Sung Park, M.D.*

Chonnam National University Hospital, Korea

● **Female sexual dysfunctions**

- *Prof. P. G. Adaikan, Ph.D.*

National University of Singapore, Singapore

● **Female sexual dysfunction and the menopausal transition**

- *Bronwyn Stuckey, M.D.*

Keogh Institute for Medical Research, Australia

13:30-15:00

ORAL SESSIONS 1& 3

Arcadia Hall, Building B

OR1 - Penile Implantation, Peyronie's Disease, Miscellaneous

Chairman: *Phaibul Jitpraphai, M.D.*

Siriraj Hospital, Thailand

Co-Chairman: *Ken Marumo, M.D.*

Keio University, Japan

OR1-1 Penile enhancement for implant patients: outpatient vein-ligation technique

OR1-2 Revision in failed dermal graft in the management of Peyronie's disease

OR1-3 Surgical treatment of congenital penile curvature and peyronie disease

- OR1-4 Comparison of cadaveric pericardial, dermal, vein and goretex grafts in the surgical treatment of Peyronie's disease using a rat model
- OR1-5 Biomechanical engineering – based computer – assisted surgery in LA Peyronie's disease
- OR1-6 The management of priapism in western australia: a 15 year audit
- OR1-7 Penile prosthesis in Thailand: an option for treatment of ED
- OR1-8 The necessity of curvature correction in patients with tunical rupture
- OR1-9 Stimulation of testosterone production on padam

15:00-15:30

Coffee Break

Foyer, Arcadia Grand Ballroom, Building B

15:30-17:00

OR3 - PHARMACOLOGICAL MANAGEMENT

Chairman: *Wachira Kochakarn, M.D.*

Ramathibodi Hospital, Thailand

Co-Chairman: *Shao Zhen Qian, M.D.*

Asian Society of Andrology, P.R. China

- OR3-1 Comparison between vardenafil and sildenafil in facilitating pelvic nerve-mediated penile erection in the rabbit model
- OR3-2 Vardenafil, a new highly selective PDE5 inhibitor, improves erectile function in patients with diabetes mellitus.
- OR3-3 Vardenafil, a new selective PDE5 inhibitor, significantly improved all IIEF-domains and showed a favorable safety profile over 12 weeks
- OR3-4 A double-blind, cross-over study for the evaluation of the efficacy of Korean red ginseng in patients with erectile dysfunction
- OR3-5 The effect of medical or surgical castration on erectile function and sex organs, and the efficacy of vardenafil in castrated rabbit model
- OR3-6 Efficacy and safety of uprima (apomorphine sl) in patients with documented comorbidity of hypertension, coronary artery disease (cad) and diabetes
- OR3-7 Long-term efficacy of uprima (apomorphine sl) in men with erectile dysfunction(ED)
- OR3-8 Safety and efficacy of uprima (apomorphine SL) 2 and 3 mg for erectile dysfunction (ED) in hypertensive men concurrently taking anti-hypertensive medication

13:30-15:00

ORAL SESSION 2 & 4

Similan I & II, Building A

OR2 - PHARMACOLOGICAL MANAGEMENT

Chairman: *Maj. Gen. Egachit Changlaw, M.D.*

Kai Suranaree Hospital, Thailand

Co-Chairman: *Teruaki Iwamoto, M.D.*

St. Marianna University, Japan

- OR2-1 Treatment with sildenafil and partners' sexual function
- OR2-2 Characterization of prostaglandin e receptor subtypes in human corpus cavernosum
- OR2-3 Treatment for erectile dysfunction in patients with treated prostate cancer

- OR2-4 The effect of intrinsic and extrinsic factors on the pharmacokinetic properties of tadalafil (IC351)
- OR2-5 Tadalafil (IC351) enhances no-mediated relaxation of human arterial and trabecular penile smooth muscle
- OR2-6 Dose-normalized pharmacokinetics of tadalafil (IC351) administered as a single dose to healthy volunteers
- OR2-7 The effects of sildenafil as an intracavernosal agent
- OR2-8 Tadalafil (IC351) provides prompt response and extended period of responsiveness for the treatment of men with erectile dysfunction
- OR2-9 Male erectile dysfunction in patients with medications for benign prostatic hyperplasia
- OR2-10 Dhant or jaryan, a cultural sexual dysfunction incidence and treatment in conservative muslim living in prowestern social setup like Pakistan
- OR2-11 Female sexual dysfunction in conservative muslim society like Pakistan

15:00-15:30

Coffee Break

Foyer, Arcadia Grand Ballroom, Building B

15:30-17:00

OR4 - MISCELLANEOUS

Chairman: *Ji Chuan Zhu, M.D.*

People's Hospital, Peking University, P.R. China

Co-Chairman: *Supoj Ratchanon, M.D.*

Chulalongkorn Hospital, Thailand

- OR4-1 Erection related venous distribution in human penis
- OR4-3 Feasibility of CT angiography in the diagnosis of arteriogenic erectile dysfunction
- OR4-4 Effects of apomorphine and amantadine on the behavior of pigeons
- OR4-5 Clinical investigation of ejaculatory dysfunction
- OR4-6 Low dose of bisphenol a affects the erectile tissues and erectile responses
- OR4-7 *Butea superba* (red kwao kreu): basic investigation and clinical trial on thai men with sexual dysfunction
- OR4-8 The reasons why patients with erectile dysfunction hesitate to seek medical help
- OR4-9 Incidence and treatment of impotence in sexual dysfunction patients in conservative muslim living in prowestern social setup like Pakistan

13:30-15:00

POSTER SESSION 1

Lagoon A/B, Building D

P1-PENILE IMPLANTATION, PEYRONIE'S DISEASE, MISCELLANEOUS

Chairman: *Clarence Lei Chong Moh, M.D.*

Universiti Malaysia Sarawak, Malaysia

Co-Chairman: *Kazukiyo Miura, M.D.*

Toho University School of Medicine, Japan

- P1-1 Hormonal evaluation in normal chinese men at middle and old age
- P1-2 Clinical evaluation of relation between serum testosterone and cavernosal hemodynamics
- P1-3 Penile prosthesis: triad survey (couple + doctor)

- P1-4 The clinical efficacy of topical agents for premature ejaculation
- P1-5 Surgical correction of Peyronie's disease with plaque incision and saphenous venous graft
- P1-6 Involvement of gabaergic neurons in abnormal synaptic transmission in the hippocampal ca1 neurons of the castrated male mouse
- P1-7 Vardenafil demonstrated similar efficacy and tolerability among older and younger patients with marginal differences in PK characteristics between age groups
- P1-8 Vardenafil for erectile dysfunction – Rigiscan assessment of efficacy
- P1-9 Pharmacokinetics of vardenafil in the elderly and subgroup data on efficacy and safety in elderly patients with erectile dysfunction
- P1-10 Gene expression profiling in the crura penis of streptozotocin-induced diabetic rats

15:00-15:30

Coffee Break

Foyer, Arcadia Grand Ballroom, Building B

- P1-11 The efficacy of sildenafil in elderly patients with erectile dysfunction
- P1-12 Clinical studies of sexual function after radical retropubic prostatectomy for prostate cancer
- P1-13 Possible factors that would determine the outcome of patients with erectile dysfunction
- P1-14 Effect of sildenafil citrate on post-transurethral resection of prostate erectile dysfunction
- P1-15 Congenital isolated penile torsion in adults: untwist with plication
- P1-16 One stage correction of complex isolated penile curvature with plication
- P1-17 Analysis of human ejaculation using Doppler ultrasonography
- P1-18 Imotence, depression and hormonal status in middle aged men
- P1-19 Gene expression of nitric oxide synthase in the diabetes mellitus rat penile tissues

18:30-20:30

WELCOME RECEPTION

Lost Horizon Pool

18:30-21:00

Chairman's Dinner (by invitation only)

Wednesday, October 24th, 2001

08:00-09:00

ELILILLY BREAKFAST SYMPOSIUM - New Horizons in the Treatment of ED: Tadalafil, a Novel PDE5 Inhibitor

Arcadia Hall, Building B

18:30-21:00

LECTURE ON PREMATURE EJACULATION

Chairman: *Benjamin Mendoza, M.D.*

National Kidney Institute, Philippines

Co-Chairman: *Susilo Wibowo, M.D.*

Dr. Kariadi Central Hospital, Indonesia

- **The strategy for diagnosis and treatment of premature ejaculation**

- *Young Chan Kim, M.D.*

Centre for Reproduction and Genetics, Korea

- **SS-cream: a new herbal drug for premature ejaculation**

- *Hyung Ki Choi, M.D.*

Yong Dong Severance Hospital, Korea

10:00-10:30

Coffee Break

Foyer, Arcadia Ballroom, Building B

10:30-12:30

3rd PLENARY SESSION - PENILE PROSTHESIS

Acradia Grand Ballroom, Building B

Chairman: *Philip Katelaris, M.D.*

Australia

Co-Chairman: *Sathit Ruangdilokrat, M.D.*

Pramongkutklo Hospital, Thailand

- **Penile prosthesis implantation in Taiwanese patients**

- *Han-Sun Chiang, M.D.*

Taipei Medical University, Taiwan.

- **Penile implant - Korean experience**

- *Sae-Chul Kim, M.D.*

Chung-Ang University Yongsan Hospital, Korea

- **Penile prosthesis at the millennium**

- *Wayne J.G. Hellstrom, M.D.*

Tulane University Health Sciences Centre, USA

12:30-13:30

Lunch

Front Wing Area, Building B

Lunch Meeting of APSIR Executive Committee

13:30-15:00

4th PLENARY SESSION - ROLES OF CENTRAL NERVOUS SYSTEM ON ED

Acradia Grand Ballroom, Building B

Chairman: *Mikio Namiki, M.D.*

Kanazawa University School of Medicine, Japan

Co-Chairman: *Rudi Yuwana, M.D.*

Diponegoro University, Indonesia

- **Role of central nervous system (CNS) in erectile function: its implications in treatment of ED in the new millennium**

- *Yoshikazu Sato, M.D.*

Sapporo Medical University, Japan

- **Fact and future in the use of centrally acting treatments for sexual dysfunctions and the growth of a specialty**

- *Jeremy PW Heatong, M.D.*

Queen's University, Canada

15:00-15:30

Coffee Break

Foyer, Arcadia Ballroom, Building B

15:30-16:00

- **SPECIAL LECTURE ON PROSTAGLANDIN FOR ED**

- *Nobuhisa Ishii, M.D.*

Toho University School of Medicine, Japan

Chairman: *Prof. P.G. Adaikan, Ph.D.*
National University of Singapore, Singapore

Co-Chairman: *Jun-Kyu Suh, M.D.*
Inha University, Korea

13:30-15:00

ORAL SESSION 5 & 7

Acradia Hall, Building B

OR5 - AGING MALE AND PADAM, PREMATURE EJACULATION, PHARMACOLOGICAL, MANAGEMENT, MISCELLENEOUS

Chairman: *Banakij Lojanapiwat, Ph.D.*
Maharaj Makorn Chiangmai Hospital, Thailand

Co-Chairman: *Tai Young Ahn, M.D.*
Asan Medical Centre, Korea

- OR5-1 Time to erection with uprima (apomorphine SL) 2 and 3 mg in men with erectile dysfunction (ED)
- OR5-2 Reduced incidence of nausea with continued use of apomorphine SL in men with erectile dysfunction (ED)
- OR5-3 Efficacy and safety of sublingual apomorphine for male erectile dysfunction: a multicenter, double-blind, placebo-controlled, crossover, flexible-dose study
- OR5-4 DA-8159, a new pde5 inhibitor, does not influence fertility function in male rats
- OR5-5 Pharmacokinetics and metabolism of DA-8159, a new phosphodiesterase-5 inhibitor
- OR5-6 The oral efficacy of DA-8159, a new PDE5 inhibitor, for inducing penile erection in conscious rabbits
- OR5-7 Teststeron level before and after sildenafil treatment
- OR5-8 Management of pre-mature ejaculation in male in Singapore
- OR5-9 A new comprehensive alternative approach in treating premature ejaculation in conservative muslim society like Pakistan
- OR5-10 Chemical hormone vs phytomormone substitution for aging male

15:00-15:30

Coffee Break

Foyer, Arcadia Ballroom, Building B

15:30-17:00

OR7 - MISCELLANEOUS

Chairman: *Banakij Lojanapiwat, Ph.D.*
Maharaj Makorn Chiangmai Hospital, Thailand

Co-Chairman: *Tai Young Ahn, M.D.*
Asan Medical Centre, Korea

- OR7-1 Time to erection with uprima (apomorphine SL) 2 and 3 mg in men with erectile dysfunction (ED)
- OR7-2 Reduced incidence of nausea with continued use of apomorphine SL in men with erectile dysfunction (ED)
- OR7-3 Efficacy and safety of sublingual apomorphine for male erectile dysfunction: a multicenter, double-blind, placebo-controlled, crossover, flexible-dose study

- OR7-5 Pharmacokinetics and metabolism of DA-8159, a new phosphodiesterase-5 inhibitor
- OR7-6 The oral efficacy of DA-8159, a new PDE5 inhibitor, for inducing penile erection in conscious rabbits
- OR7-7 Teststeron level before and after sildenafil treatment
- OR7-8 Management of pre-mature ejaculation in male in Singapore
- OR7-9 A new comprehensive alternative approach in treating premature ejaculation in conservative muslim society like Pakistan
- OR7-10 Chemical hormone vs phytomormone substitution for aging male

13:30-15:00

ORAL SESSION 6 & 8

Similan I & II, Building A

OR6 - PHYSIO-PHARMACOLOGICAL BASIS (RESEARCH)

Chairman: *Young Chan Kim, Ph.D.*

Pundang Je-Saeng General Hospital, Korea

Co-Chairman: *Koichi Nagao, M.D.*

Toho University, Japan

- OR6-1 Cavernous neurotomy causes hypoxia and fibrosis in rat corpus cavernosum
- OR6-2 Involvement of estrogen in relaxation of rabbit cavernous smooth muscles
- OR6-3 Effect of saponin fraction from korean red ginseng in intracavernosal pressure
- OR6-4 Effects of icariin on cgmp formation and PDE5 isoenzyme activity
- OR6-5 Elicitation of penile erection after administration of NMDA into paraventricular nucleus of hypothalamus in the rat
- OR6-6 Effects of four new selective prostanoid EP receptor agonists on isolated corpus cavernosum penis and vas deferens of rabbits
- OR6-7 Oxytocinergic neurotransmission at hippocampus in central regulation of penile erection in the rat
- OR6-8 The effect of chemical androgen deprivation on apomorphine-induced penile erection through paraventricular nucleus of hypothalamus in rats
- OR6-9 Expression of PDE5 and effectis of icariin on cGMP formation in rabbit clitoris corpus cavernosum

15:00-15:30

Coffee Break

Foyer, Arcadia Ballroom, Building B

15:30-17:00

OR8 - MISCELLANEOUS, PHYSIO-PHARMACOLOGICAL BASIS (RESEARCH)

Chairman: *Jae Seung Paick, Ph.D.*

Seoul National University College of Medicine, Korea

Co-Chairman: *Wanchai Naiyarasaree, M.D.*

Somdejnasriracha Hospital, Thailand

- OR8-1 Community based study about sexual life over 50's among Korean agricultural populations
- OR8-2 Effects of hypertension and antihypertensive drugs on sexual function in elderly men
- OR8-3 Physician's and practitioner's attitude toward erectile dysfunction

- OR8-4 Immune response modulation in the internal pudendal artery in wistar rats with stress condition
- OR8-5 Pre- and post-synaptic proerectile mechanisms of histamine in human penis
- OR8-6 Immunohistochemical identification of oestrogen receptors in corpus cavernosum
- OR8-7 Laser doppler flowmetry evaluation for traps (transpenile delivery of microvasculokinetic drugs) in erectile dysfunctions
- OR8-8 Diagnosis and treatment of functional (psychogenic)
- OR8-9 Vardenafil improved erectile function regardless of baseline severity, etiology and hypertensive medications in Phase II trial

13:30-15:00

POSTER SESSION 2

Lagoon A/B, Building D

P2 - PHARMACOLOGICAL MANAGEMENT

Chairman: *Woong Hee Lee, M.D.*

Yonsei University Severance Hospital, Korea

Co-Chairman: *Charoen Leenanupunth, M.D.*

Ramathibodi Hospital, Thailand

- P2-1 Significance of blood lipid profiles in male erectile dysfunction
- P2-2 Multislice dynamic contrast-enhanced mr imaging of the penis using intracavernous prostaglandin E1
- P2-3 The relationship between erythrocyte aldose reductase and erectile dysfunction in diabetic patients
- P2-4 Tissue grafting for congenital and acquired penile curvature
- P2-5 The immunological research in chronic nonbacterial prostatitis
- P2-6 Effects of eurycoma longifolia jack on sexual functiion in middle aged male rats
- P2-7 Patient characteristics wanting vasectomy reversal

15:00-15:30

Coffee Break

Foyer, Arcadia Grand Ballroom, Building B

15:30-17:00

- P2-11 Coexistence of erectile dysfunction and cardiovascular disorders
- P2-12 Evalution of sexual function and cardiovascular risk factors in patients on chronic hemodialysis
- P2-13 Cigarette smoking and prevalence of impotence among aging male in Taiwan
- P2-14 Evaluation of ED developed in the younger age group (39 years old and younger)
- P2-15 Does finasteride influence free prostate specific antigen (F-PSA) in patients with benign prostatic hyperplasia?
- P2-16 Alpha2-adrenoceptor antagonists: effects on ejaculation, penile erection and pelvic thrusting behavior in dogs
- P2-17 Comparison of the oral efficacy of vardenafil, a new highly selective PDE5 inhibitor, and sildenafil in inducing penile erections in a conscious rabbit model

- P2-18 *Eurycoma longifolia* Jack increases copulatory behaviour frequencies in middle aged male rats
- P2-19 The effect of ashwagandha (Indian herbal medicine) on non-organic erectile dysfunction in male
- P2-20 Lumbar one (L1) vertebrae fracture causing impotence in males
- P2-21 Causative factor of copulatory disorder in rats following social stress
- 16:30-18:30 **ABBOTT SYMPOSIUM - Apomorphine SL: An Exclusively Centrally Acting Oral Agent for Erectile Dysfunction**
Arcadia Grand Ballroom, Building B
Chairperson: *Apichat Kongkanand, M.D.*
Chulalongkorn University, Thailand
- 16:30-16:45 **Chairperson's introduction and welcome**
- *Apichat Kongkanand, M.D.*
Chulalongkorn University, Thailand
- 16:45-17:15 **Neurophysiology of Erections and the role of Dopamine in Sexual Function**
- *Michael Adams, M.D.*
Queen's University, Canada
- 17:15-17:45 **Efficacy and Safety of Apomorphine SL - The First Exclusively Centrally Acting Oral Agent for Erectile Dysfunction**
- *Darryl Sleep, M.D.*
Abbott Laboratories, USA
- 17:45-18:15 **Patient Choice in Erectile Dysfunction Therapy**
- *Jeremy Heaton, M.D.*
Queen's University, Canada
- 18:15-18:30 **Panel Discussion**
Evening free

Thursday, October 25th, 2001

- 09:00-10:00 hrs **5th PLENARY SESSION - AGING MALE**
Arcadia Grand Ballroom, Building B
Chairman: *Anupan Tantiwong, M.D.*
Siriraj Hospital, Thailand
Co-Chairman: *Arif Adimoelja, M.D.*
Hang Tuah University, Indonesia
- **Overview on Aging Male from Urological Aspect**
- *Hui-Meng Tan, M.D.*
Subang Jaya Medical Centrem Malaysia
 - **Overview on Aging Male from Gynecological Aspect**
- *Anek Aribarg, M.D.*
Chulalongkorn Hospital, Thailand
- 10:00-10:30 hrs **Coffee Break**
Foyer, Arcadia Grand Ballroom, Building B

10:30-12:30

SYMPOSIUM ON AGING MALE

Arcadia Grand Ballroom, Building B

Chairman: *Hui Meng Tan, M.D.*

Subang Jaya Medical Centre, Malaysia

Co-Chairman: *Apichat Kongkanand, M.D.*

Chulalongkorn University, Thailand

● **The aging male: controversies and challenges**

- *Kew Kim Chew, M.D.*

Keogh Institute for Medical Research, Australia

● **The endocrinologist's role in the preservation of the quality of life**

- *Thep Himathongkam, Ph.D.*

Theptarin Hospital, Thailand

● **Shifting hormones in the aging male**

- *Jeremy P.W. Heaton, M.D.*

Queen's University, Canada

12:30-13:30

Lunch

Front Wing Area, Building B

13:30-15:00

6th PLENARY SESSION - IMPOTENCE RESEARCH

Chairman: *Thanoo Choovichian, M.D.*

Pramongkutklao Hospital, Thailand

Co-Chairman: *Ju Tong Hsieh, M.D.*

National Taiwan University Hospital, Taiwan

● **Application of gene therapy in the treatment of erectile dysfunction**

- *Wayne J.G. Hellstrom, M.D.*

Tulane University Health Sciences Centre, USA

● **Gene therapy for erectile dysfunction**

- *Tom F. Lue, M.D.*

UCSF, USA

15:00-15:30

Coffee Break

Foyer, Arcadia Grand Ballroom, Building B

15:30-17:00

GENERAL MEETING OF APSIR

Arcadia Grand Ballroom, Building B

18:30-22:00

Farewell Dinner

Lagoon Lawn, Phuket Arcadia Beach Resort

Friday, October 26th, 2001

SPECIAL LECTURE - NOVEL DRUGS FOR ED: PRESENT AND FUTURE APPLICATIONS

Arcadia Grand Ballroom, Building B

- *Michael Adams, M. D.*

Queen's University, Canada

Chairman: *Supot Wudhikarn, M.D.*

Maharaj nakorn Chiangmai Hospital, Thailand

Co-Chairman: *Johny Lin, M.D.*
NCKU, Taiwan

10:00-10:30

Coffee Break

Foyer, Arcadia Grand Ballroom, Building B

10:30-11:15

SPECIAL LECTURE ON ED ON SPINAL CORD INJURY

Chairman: *Ross C Artmill, M.D.*

Brisbane Urology Clinic, Australia

Co-Chairman: *Damrongpan Watanachote, M.D.*

Bangkok General Hospital, Thailand

- *Yasusuke Kimoto, M.D.*

LWC Spinal Injuries Centre, Japan

11:15-12:30

SPECIAL LECTURE:

● **SEXUAL MEDICINE AND DANISH GENERAL PRACTITIONERS**

Arcadia Grand Ballroom, Building B

Chairman: *Samrit Laonual, M.D.*

Chulalongkorn University, Thailand

Co-Chairman: *Sahabudin Raja Mohamed, M.D.*

Hospital Kuala Lumpur, Malaysia

- *Gorm Wagnern M.D.*

University of Copenhagen, Denmark

● **CULTURAL DIFFERENCES IN KNOWLEDGE, PERCEPTIONS AND PRACTICES RELATED TO ED: A QUALITATIVE STUDY**

- *Wah Yun Low, Ph. D.*

University of Malaya, Malaysia

12:30-13:00

CLOSING CEREMONY

13:00-14:00

Lunch

Front Wing Area, Building B
